

## Diploma in Business Management

On this course, you'll develop a range of business management skills relevant to your life, university study or the world of work.

You'll learn how to use and apply useful business concepts, tools and terminology whilst exploring four key aspects of business management: managing money, managing people, managing information, and - most importantly – managing and understanding yourself.

You'll learn to communicate professionally in common business situations. You'll reflect on your own management and leadership style and consider the concepts of success, sustainability, and social responsibility.
