Diploma In Instrumentation Engineering

Description

Diploma in Instrumentation Engineering is a Diploma level Instrumentation Engineering course. Instrumentation is the art and science of measurement and control of process variables within a production or manufacturing area. The course is career orienting in nature that opens many scopes after its completion.

Course Content

Sr. No.	Subjects of Study
1	Metrology and Mechanical Measurements I
2	Elements of Electronics
3	Metrology and Mechanical Measurements II
4	Digital Techniques
5	Practical
6	On-Job-Training Viva-Voce
7	Instrumentation Mechanisms and optical instrumentation I
8	Measurement techniques and Transducers
9	Instrumentation Mechanisms and optical instrumentation II
10	Signal conditioners and Vacuum Instrumentation
