भारत सरकार पंजीकृत. Diploma In Occupational Therapy

Description

Diploma in Occupational Therapy is a Diploma level Occupational Therapy course. Occupational therapists use activities to facilitate human performance and improve health. They can specialize in varied areas such as in the case of children with learning disabilities, occupational therapists employ activities which develop sensory integration, thinking, writing and social skills so that they can function within the school environment. The course is career orienting in nature that provides many jobs after its successful completion both in private and government sectors.
