भारत सरकार पंजीकृत. Diploma in Natural Beauty Care

Description

Do you want to learn how to create natural, effective skincare products? If so, then this is the natural skincare training course for you. Enrol on our Foundation Diploma in Natural Cosmetic Skincare Formulation and you will learn how to formulate and make clean, natural and organic skincare for yourself, your beauty therapy / salon clients, or to start your very own skincare brand. In this course you will learn the fundamental skills needed to formulate organic skincare products from scratch. You'll learn how to create cream emulsions, anhydrous formulations, gels, and liquid surfactant wash products. Understand the concept of pH balance and skin acidity levels that can affect your formulations, about which ingredients are best suited to different skin types giving you the confidence and skills to create and produce your own organic skincare products for specific skin requirements.

Course Content

- Skin science
- Formulation Skills
